EDUCATION

Master of Arts in Multimedia	2021 - 2023
Tabriz Islamic Art University, Tabriz, Iran	
Supervisor: Associate Prof. Yoones A. Sekhavat	
GPA: 19.41/20 (4/4)	
Bachelor of Science in Electrical Engineering - Control	2014 - 2019
Isfahan University of Technology, Isfahan, Iran	
Supervisor: Associate Prof. Javad Askari	

RESEARCH INTERESTS

Computer Graphics and Visualization

- Extended Reality (VR, AR)
- Data Visualization
- Games

Human-Computer Interaction

- Affective Computing
- Social VR
- Artificial Intelligence

RESEARCH EXPERIENCE

- Analysis of Body Gesture as a Nonverbal Communication in Metaverse, (Master's Thesis Title)

Our objective is to enhance the non-verbal communication experience within a virtual three-dimensional (3D) setting. We plan to achieve this by capturing the user's hands movements using an RGB webcam and replicating them onto a 3D avatar. This technology will allow users to express themselves more effectively through physical gestures and movements, thus creating a more immersive and engaging virtual environment. ([GitHub Link](#))

- **Personnel Selection in Multimedia Projects: A Case Study of Designer Selection**, the final project of "Project Management" course ([Paper Link](#))- English

- **Visualization of advertising game campaigns data for comprehensive analysis**, CGCO2022 ([GitHub Link](#))([Youtube Video](#)) ([Paper Link](#))- Persian

- **Designing and analyzing the effect of «Sargent» Kinect-based serious game on the lower body muscles of male students of Tabriz University of Islamic Arts**, Biennial International Congress on New Challenges of Sport Sciences and Health on the Silk Road, 2022 (click [here](#) to watch the video)([GitHub and Paper Link](#)) - Persian

LANGUAGE

English: Fluent

TOEFL ibt exam (Dec 2024) score: 104
(Reading: 28, Listening: 27, Speaking: 25, Writing: 24)

Persian: Native

RELATED COURSE PROJECTS

- Development of Social VR environment for analysing non-verbal gestures using **WebGL** and **Web** ([GitHub](#))([Web Application](#))
- Designing and Developing my **portfolio** using **WebGL**, **Shader Animation** and **Web** ([GitHub](#))([WebSite](#))
- Developing my 3D environment rendering using **C language** and **3D Mathematics** ([GitHub](#))
- Writing **OpenGL**, **WebGL** and **GLSL** shaders for Computational Arts ([ShaderToy](#))
- Short Animation for **VFX** course in **Unreal Engine**, **Blender**, **SubstancePainter**, **MarvelousDesigner** ([Video](#))
- Development of **serious-game** for arm rehabilitation for MS patients using **OpenCV** and **Tensorflow** ([Video](#))([GitHub](#))
- Designing and Development of a **UX/UI** for showing labels in 3D environment using **WebGL** ([Demo](#))([GitHub](#))
- Development of a serious-game for empowering the lower limb muscles using **Kinect** and **C#** ([Video](#))([GitHub](#))
- Data Visualization web Application for **visualizing Adver-Game campaigns Data** using **D3.js** ([Video](#))
- Design and building of distance sensitive robot remote controller using a PID controller (Bsc Final Project, [GitHub](#))
- **WebXR** implementation of showing labels in Virtual Reality ([GitHub](#))
- **C++** implementation of simple game engine using **OpenGL** ([GitHub](#))

SKILLS

AI, Control & Mathematics	Soft Computing, Machine Learning, Statistics, Linear Algebra
Programming Languages	C/C++, Python, JavaScript
Programming Skills	OOP, DesignPatterns, Data Structures & Algorithms, Git
Softwares and Programming Frameworks	Unreal Engine, WebGL, OpenGL, GLSL, React.js, D3.js, OpenCV, WebRTC, Node.js, SPSS, Numpy, Matplotlib, Pandas, Scikit-learn

HAVE EXPERIENCE

Softwares and Frameworks	Unity3D, Microsoft Kinect, Qt, Matlab
Design and Modeling	Maya, Marvelous Designer, Zbrush, LaTeX, Figma, Photoshop, Illustrator, Indesign
Microcontroller	Arduino, AVR
Sound and Music	FL Studio

WORK EXPERIENCE

- **Freelance Web Designer**, Iran **2014 - 2016**
 - For 2 years, I used to work as a fullstack webdesigner, and I managed to develop a few websites
 - Front End (interface) - Back End (server) - Web Games - WebApplications
- **Front-End**, UX Developer, Zirdasti, An educational website, Iran **2016 - 2017**

In the field of UI, UX and web desgin

At Zirdasti, I was assigned to design the UX and develop the website.

 - Front End (interface) - UI/UX Desgin
- **Interactive Media Designer**, BOKS, A software-hardware startup in the advertising industry, Iran **2017 - 2022**

During my five years at BOKS, **I gained experience as an advergame designer**. I was responsible for designing interactive games for use in online advertisements. I also had the opportunity to work with **Microsoft Kinect**, **microcontrollers**, **and various sensors** to create interactive advertisements. My work involved designing and developing interactive experiences that leveraged the unique capabilities of these technologies to engage users and promote products or services. This required a strong understanding of game design principles and the ability to create engaging and immersive user experiences. **My work experience at BOKS as an advergame designer allowed me to develop valuable skills in interactive media and teamwork**. I have uploaded the videos of a few of these games in exhibitions on my [youtube page](#).

HONORS AND AWARDS

- 1- Ranked 1452th among more than 300,000 participants in Nation-Wide University Entrance Exam. (2014)
- 2- Ranked 14th among more than 5,000 participants in Nation-Wide University Entrance Exam of Multimedia. (2021)
- 3- Ranked 1th among 8 peer M.A. students of Multimedia at Tabriz Islamic Arts University. (2023)
